

Let's Take Care of the Earth

Before Reading	During Reading	After Reading
<p>Q1: Let's look at the cover and read the title. What animals do you see?</p> <p>A1: I see a bear and a bird. I see a snake and two fish. I see a leopard and a goat. I see an alligator.</p> <p>Q2: What different habitats do you see?</p> <p>A2: I see a forest habitat and a desert habitat. I see a mountain habitat and an ocean habitat. I see a jungle habitat.</p>	<p>Q1: What animals do you see in the desert, the forest and the ocean habitats?</p> <p>A1: In the desert habitat, I see a snake, a rabbit, and a lizard. In the forest habitat, I see a fox, a bird, a bear, a squirrel, a deer, and a raccoon. In the ocean habitat, I see a whale, four fish, a sea turtle, and an octopus.</p> <p>Q2: What animals do you see in the swamp and the mountain habitats?</p> <p>A2: In the swamp habitat, I see an alligator, a dragonfly, a frog, and a crane. In the mountain habitat, I see a bird, a goat, an eagle, a moose, and a ram.</p>	<p>Q1: Why should we take care of the earth?</p> <p>A1: Possible answers: We should take care of the earth because the earth is home to us all—people and animals. We should take care of the earth so that all the animals can live in their own habitats. We want the habitats to stay clean and beautiful so that the animals will be happy.</p> <p>Q2: What habitat would you like to visit?</p> <p>A2: Possible answers: I would like to visit a rain forest and see colorful birds and butterflies. I would like to visit the mountains. I would go hiking and see goats and birds.</p>

Let's Take Care of the Earth

The desert, the desert is home to a snake.

Let's take care of the desert.
