Count and Add with Me!

Before Reading	During Reading	After Reading
Q1: Let's look at the cover and read the title. How many trees can you count?	**Q1:** Where did the little girl and her dog go walking, counting, and adding?	**Q1:** How did you answer each question in the story?
A1: I can count four trees.	**A1:** They went walking in the rain, then around a tree, and under the water in the sea. They went in a flower garden and on a hill.	**A1:** Seven ladybugs and five more equals twelve ladybugs. Six funny fish and six more equals twelve funny fish. Seven bees and seven more equals fourteen bees. Etc.
Q2: What do you think this book will be about?	**Q2:** What things did we count and add with her?	**Q2:** Can you say and write the addition sentences for all the things you counted and added?
A2: Possible answers: I think this book will be about a little girl and her dog. She wants us to take a walk with her and count things we see.	**A2:** We counted and added ladybugs, funny fish, bees, pretty flowers, fluffy rabbits, and fun friends.	**A2:** Yes! 7 + 5 = 12 6 + 6 = 12 7 + 7 = 14 Etc.

Count and Add with Me!
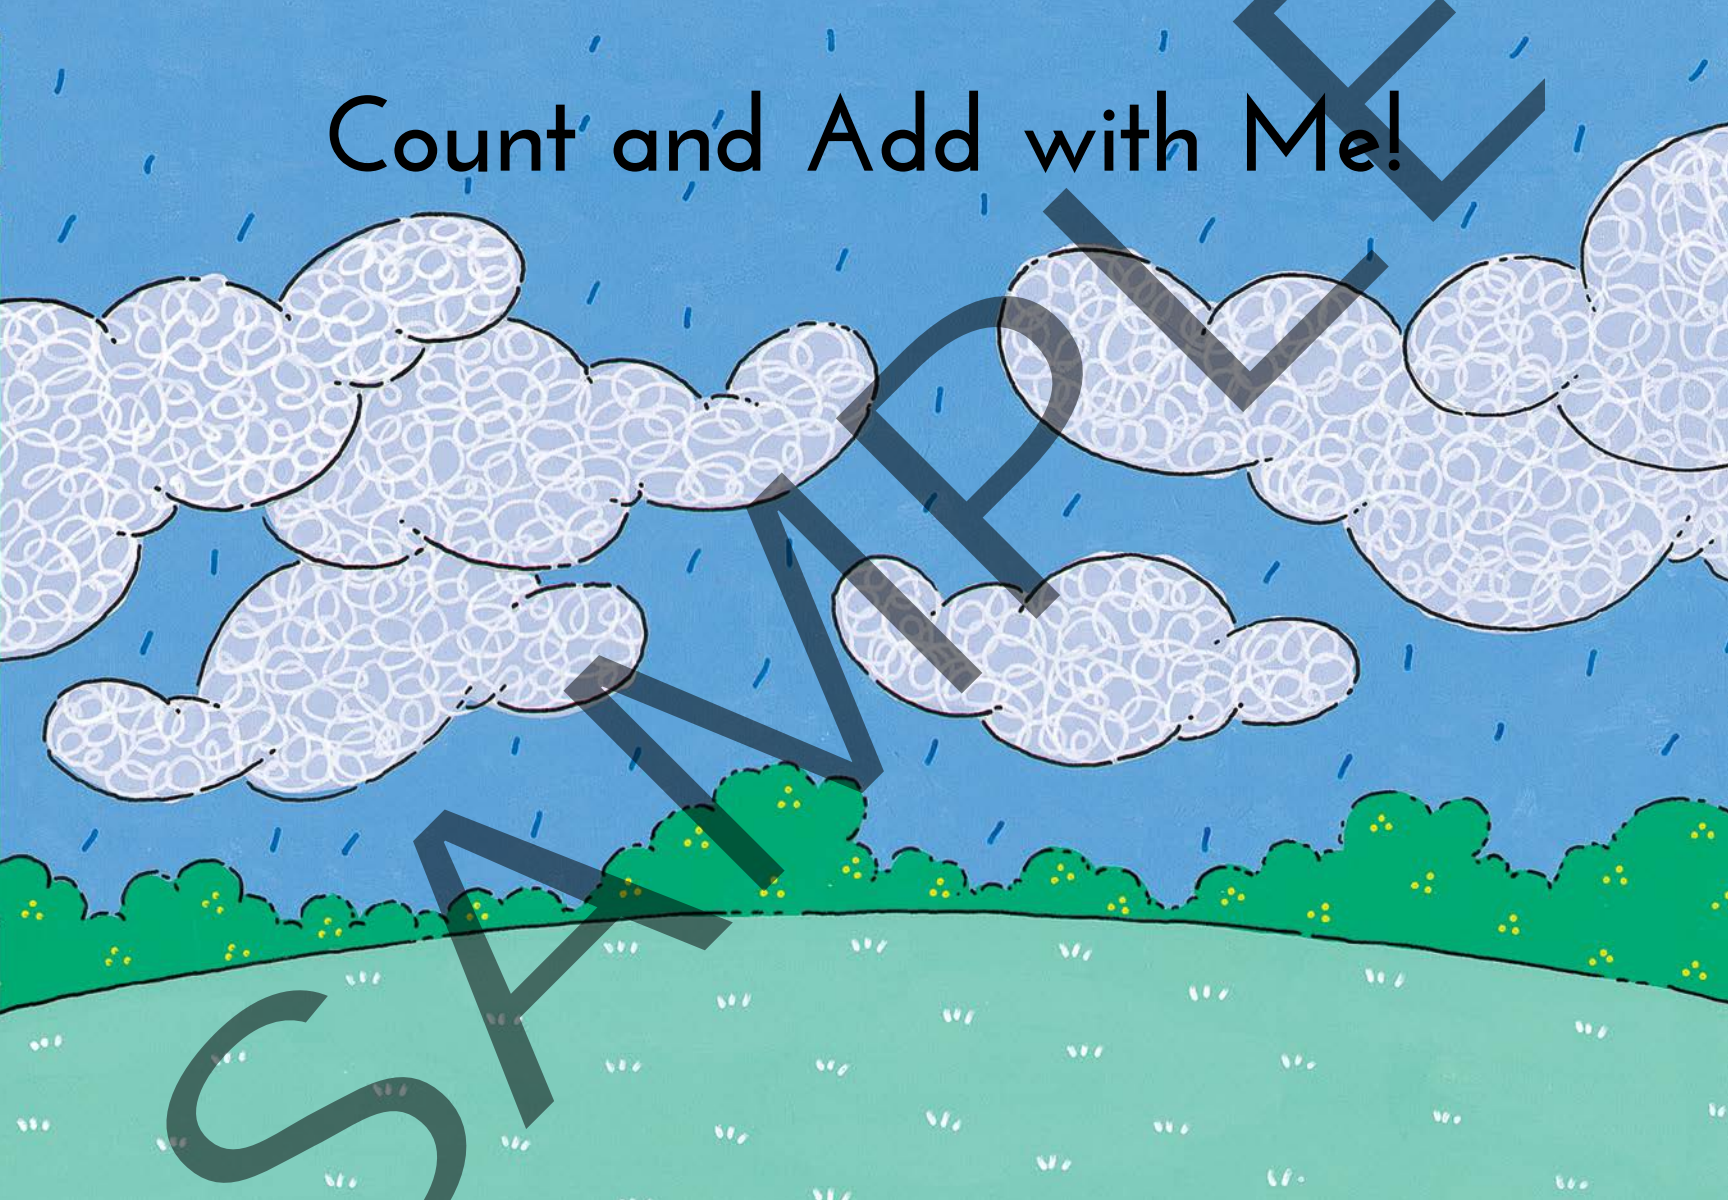

Let's take a walk. Will you come with me?

We can look and count the things we see.
