KEY

Where you see words in a panel with a white border, try to read them on your own.

Where you see this: **?**,
the answer is on page 24.

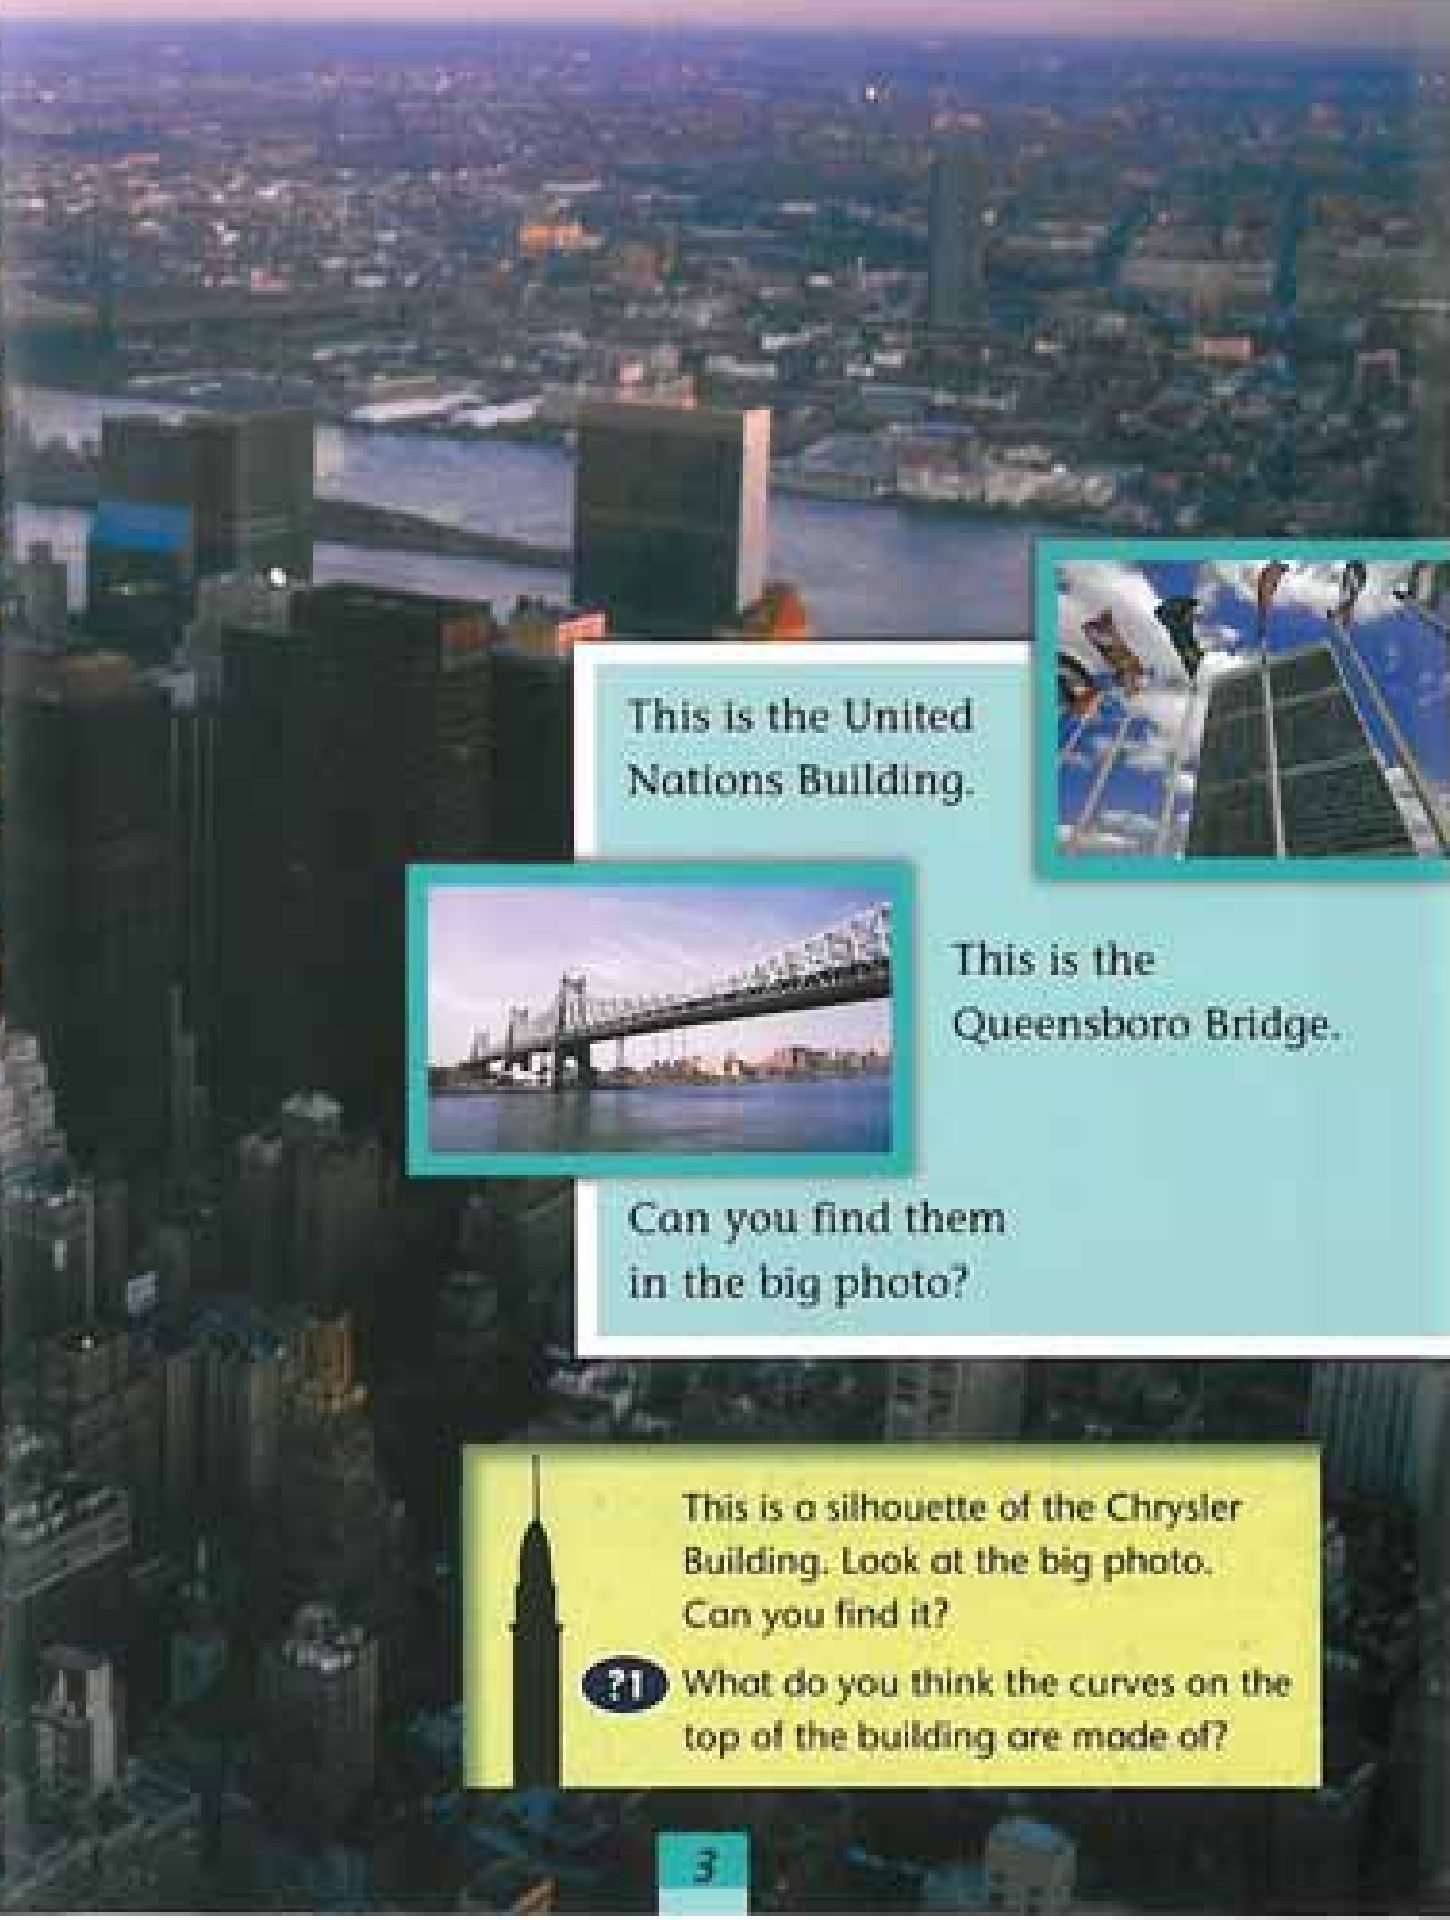

Skyline

Look at this photo of New York.

Can you find:

- the number 100?
- the word *Life*?
- three red and white chimneys?
- one bridge?
- this detail?

This is the United Nations Building.

This is the Queensboro Bridge.

Can you find them in the big photo?

This is a silhouette of the Chrysler Building. Look at the big photo. Can you find it?

?1

What do you think the curves on the top of the building are made of?

The Church

?2 This is the wall of an old church. Look at the arches. Then look at the pictures of the arches. They tell you when each kind of arch was built.

- When do you think arch A was built?
- When do you think arch B was built?

1066–1180
Norman
arch

1180–1275
Early English
arch

?3 What do these different arches tell you about how long it took to build a big church like this? Count the pointed arches on each level. Can you tell how long this wall took to build?
